SUMMARY

I have been gathering hands-on experiences with different web technologies and various aspects of software development best practices. I am a passionate and self-driven developer with a passion to develop my skills in new technologies and intended to utilize my expertise in my work.

SKILLS

Programming and Markup Languages: JavaScript ES6, HTML, CSS.

Libraries, Frameworks, and Technologies: React.js, Redux, Redux toolkit, Express.js, Node.js, MongoDB, REST API, Styled Components, JSON-server, React-Bootstrap, React-Material UI, JWT, SCSS, EJs, NPM, OOP.

Familiarities with Testing Libraries: React Testing Library, SuperTest, and Jest

Tools & Hosting: Git, GitHub, Netlify, Render, Postman, VScode

PROJECTS:

Steadfast Communications (Recruiting Agency):

[Live Site](#) | [Client-side Code](#) | [Server-Side Code](#)

Officially on production: <https://www.steadfastbd.com/>

- Built a full stack single-page web app of professional services where a candidate can apply to their desired job post, authorization for admin dashboard.
- Created a different dashboard for admin with dark or light mode. Admin can create, edit, and delete job posts.

Technologies used: [React, Redux, Express.js, Node.js, MongoDB, JWT, JavaScript, React quill editor, MVC structure]

Story-Blogs:

[Live Site](#) | [Client & Server-Side](#)

- A responsive blog website where users can create, delete and edit private/public posts changing status using CK editor, and users can log in to their account with Google authorization.
- Implemented Google authorization for users to log in to their accounts.

Technologies used: [HTML, CSS, JavaScript, EJs, Express.js, Node.js, MongoDB, Google OAuth, MVC structure]

My Portfolio:

[Live Site](#) | [Code Link](#)

- Responsive single-page React web app with an attractive user interface and modes.
- Shows all the information and projects that I've built.

Technologies used: [React, React styled-component, React Context API, JavaScript, CSS, Netlify]

EDUCATION BACKGROUND

International Islamic University Chittagong

[2017 – 2022]

Address: Kumira, Chattogram, Bangladesh
